Community Services Planned Thanksgiving

Wednesday Evening Speaker To Be Rev. Tommy Ewing

The Community Thanksgiving Service, sponsored by Hamlin Ministerial Alliance, will be on Wednesday, Nov. 25 at 7 p.m. at The First Methodist Church.

Rev. Bill Irwin, president of the Ministerial Alliance, will preside at the service, and the Thanksgiving message will be brought by Rev. Tommy Ewing, pastor of Faith Methodist Church. Special music will be given by the choir of First Methodist.

The Ministerial Alliance is always interested in doing what it can to help needy families.

For some years there has been a Benevolent Fund that is used for this purpose. Most of the money for this Fund comes from the Thanksgiving offering. Leland Clifton is the treasurer of this fund. A little over \$200 has been spent during the past year.

The Ministerial Alliance also takes a part in taking Christmas baskets to needy families. The families are screened so that there will be as little duplication as possible, and so as many families as possible will receive some help. Last year a Bible was given along with each basket, and this will be done again this year. This year, however, the Latin Americans will be given a Bible in Spanish.

The Ministerial Alliance extends a cordial welcome to each and everyone that can come and worship on Wednesday.

Rev. Irwin said, "There are so many things for which we ought to be grateful, may we express our gratitude to God by worshiping Him."

The president will give the welcome, Rev. Byron Bryant, pastor of First Baptist Church, will read the scripture. The prayer will be by Rev. Jerry McDaniel of Calvary Baptist Church and Rev. Royce Womack pastor of First Methodist Church will lead the responsive reading. The benediction will be by Rev. Kenneth Leverett, pastor of Fairview Baptist Church.

The Christmas season will be officially opened in Hamlin on Saturday, Dec. 5, at 3 p.m. with a Kiddie Parade and the first appearance of Santa Claus.

MORE TOYS WANTED BY CAMP FIRE

More toys are needed by the Camp Fire Girls so that they may be prepared for Christmas distribution to needy children. Toys are being collected at the schools and at the Hamlin Herald.

Volunteers will be starting work on the repairable toys soon.

The school children that have toys to give are being asked to bring at least one toy to school Friday, Nov. 20.

Anyone having toys that they cannot carry to the collection stations are asked to call Mrs. Roy Thompson or Mrs. Miller Harmon.

Cattle Retesting To Start in County December 1

By Kirby Clayton
Jones County will start retesting cattle for brucellosis certification around Dec. 1, according to information this week from Jones County Agent, Kirby Clayton. Records in the county agent's office indicate that Jones County had 56 reactors and 41 suspect herds during the 1962 testing program. Clayton says that all these herds plus an additional 175 other representative herds will have to be tested before Jones County is eligible for recertification.

Dr. David Ballard of Stamford and Ronnie Davis of Abilene have been designated to do the testing work and livestock producers are urged to contact one of these two men when they are ready for testing. Clayton says that testing will start as soon as livestock producers are ready and is expected to be completed sometime in the spring of 1965.

There is no fee for the testing, says Clayton, but producers are being asked to have ample labor for handling and adequately holding pens.

The third forward was still undecided Tuesday.

FAIRVIEW NEWS

By MRS. ELMER JOINER

We had almost forgotten how the dirt could blow in West Texas, but were reminded of it the past few days, as the wind did really blow, but this Monday it is drizzling rain, which is very welcome. Thanksgiving is only a little over a week away and everything is still green and growing. The cotton crop is definitely much better than had been hoped for, as the freeze being so late that the little bolls that put on after the late rains have developed to where they will open after frost.

Nancy Ford was elected sweetheart of the Hamlin FFA Chapter, recently. Nancy is a senior in High School at that place, this year, and very active in the school activities.

Mrs. Jimmy Joiner is a patient in the Hamlin Hospital, suffering from a bronchial infection. Since Jimmy is working in Hamlin and the children are in school in Stamford, it takes some figuring, but where there is a will there is a way, so the kiddos will stay in school.

After working all day Tuesday and again Thursday morning, we now have the work done on our kitchen and fellowship hall, ready to have family night this Friday night, Nov. 20, with a Thanksgiving supper.

We are glad to report that Joe Bonds Jr. was able to come home Sunday from the Abilene Hospital, after having surgery on his back last week. The operation was not as serious as was feared it might be.

Fred Rosenbaum went to Pampa Saturday, after his wife, who had been gone the past week. Mrs. Joe R. Rosenbaum is reported to be doing fine after having had surgery recently.

Mr. and Mrs. Flavil Holmes spent the week in Big Spring with their son, Mr. and Mrs. Jimmy Holmes and Melody, where Jimmy is teaching this year.

Mrs. G. K. Bullock, of Petersburg, sister of Mr. E. A. Henry, spent last week with the Henrys. Thursday afternoon, Mrs. Henry took her to Rule, where they enjoyed an afternoon of visiting with several old time friends.

People use the Yellow Pages when they're ready to buy, rent, lease, or order services. Make sure they find your business easily with a display ad under each product, service, or brand-name item you sell. Featuring selective information about your business will help turn shoppers into buyers.

The better your business is represented in the Yellow Pages, the better opportunity you have of reaching consumers when they're ready to buy or order services. So why take chances?

THE PLACE WHERE BUYERS

John Doe?

During the last war Kilroy was the name of the man who had been there. John Doe, the encyclopedia tells us, is the name used in legal documents to describe a person whose real name is unknown.

You do not know the name of this darling baby, and his name may be unknown to us, but in his eyes dwell love and trust. His eyes are like doe-eyes. Yet the male deer is a young buck, rather than a doe, and he is known for his swift running and his ability to jump to high places.

Our prayer for this young man is this:

May the Lord strengthen and establish you. Then as Isaiah says in the 6th verse of the 33rd Chapter, *wisdom and knowledge shall be the stability of thy times, and strength of salvation: the fear of the Lord is his treasure.*"

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Pipers Drop Season Finale to Anson, 12-6

The Pied Pipers took a second period lead over the Anson Tigers here Friday night but failed to hold on to it as the Tigers scored twice in the fourth quarter to win the season finale, 12-6. The winning touchdown came for the Tigers with 30 seconds left on the clock.

End Mike Shivers, who caught five passes for 86 yards, scored Hamlin's only score on a 30 yard pass and run play. The pass was from quarterback Johnny Overman with Shivers making a fantastic catch at the 15, evading his defender and racing into the end zone. This was Shivers ninth TD of the season.

Parents of the football boys were introduced before the game with the boys.

The Pipers took the opening kick off and started action on their 32. A 15 yard penalty killed a third down pass play that would have been good for a first down and they punted on fourth down from their 34. The Tigers lost five yards in three plays and punted back to the Pipers. The Pipers put the ball into play at their 36 and moved to the 31 in six running plays, but at this point a nine yard loss forced them to punt with the Tigers taking over on their nine.

The Tigers gained three first downs as they moved out to their 40 before punting. The Pipers moved the ball back down into Tiger territory and punted from the 44. Anson

punted from their 14 after drawing a penalty.

Taking over on their 47, Hamlin was set back to the 35 when halfback Robert Pearce was thrown for a 12 yard loss trying to pass. He connected with Shivers on third down with a pass that was good for 18 yards. Anson drew a 15 yard

penalty to put the ball on the Tiger 30. After Pearce was stopped for no gain Overman passed to Shivers for the score. A bad snap from center was too high and the Pipers lead 6 to 0.

Neither team could keep a drive going during the remainder of the first half.

Anson took the second half kick off and moved to the Piper 34 before fumbling with George Bonds recovering for the Pipers.

The Pipers moved out to the 48 before Compton punted 50 yards to the Tiger two yard line, but Hamlin drew a 15 yard

penalty to put the ball back on the 17.

Anson moved the ball down to the Piper 12 yard line before being set back with a five yard penalty and then being thrown for a loss with the Pipers taking over on their 18.

Compton quick-kicked on third down with Anson taking over on their 41. Anson punted from their 42 with Hamlin taking over on the 21. A third down pass was intercepted with Anson returning it to the Hamlin 20. Anson scored eight plays later with Jerry Andrus going into the end zone from the two to tie the game up. Their snap from center was bad and the point after try failed. There was five minutes and 3 seconds left in the game.

The Pipers failed to make a first down following the kick off and punted out to the Tiger 37. The Tigers moved the 63 yards in 10 plays, aided by a 15 yard penalty against the Pipers. Sammy Shellman went around his right end and scored from 14 yards out with 30 seconds left on the clock. The point after try failed.

The Pipers used up the 30 seconds with four long incompletely passes.

Lice Control Should be Started Now Agent Says

Lice are busy with their invasion of Texas livestock and will take a sizable chunk of producers' profits again this year unless controlled.

These pests appear in greatest numbers during the winter and losses can be reduced materially if control measures are taken now, says Jones County agent, Kirby Clayton.

Animals with the parasites usually are restless, eat less, do not have good feed conversion and have a rough, coarse appearance.

Sprays recommended for controlling lice on beef and non-lactating dairy animals include Clodrin, coumaphos (Co-Ral), methoxychlor, malathion, diaethion (Delnav), lindane, Ruelene, carbaryl (Sevin), ronnel (Korlan) and taxaphene.

For dairy animals, Clayton recommends these formulations: Clodrin, pyrethrin and rotenone.

Irritation induced by lice on sheep and goats cause the animals to rub or bite themselves. Thus wool or mohair may be pulled out or become matted or low in grade.

A thorough spraying, immersing or dusting is suggested for ridding sheep and goats of these pests. Coumaphos (Co-Ral), DDT, diaethion (Delnav), toxaphene, Diazinon, malathion and ronnel (Korlan) are effective controls, says Clayton, but should not be used on milk goats.

The blood-sucking lice occurring on swine can be controlled by such insecticides as coumaphos (Co-Ral), DDT, diaethion (Delnav), malathion, lindane, ronnel (Korlan), methoxychlor and toxaphene.

To control these tiny parasites on horses, the entomologist suggests chlordane, coumaphos (Co-Ral), diazinon (Delnav) and toxaphene.

Poultry are also attacked by several species of lice that irritate the birds and cause weight loss, reduced egg production, decreased quality of market birds and even death. Coumaphos (Co-Ral), malathion, carbaryl (Sevin) and nicotine sulfate all rate as good controls.

In using insecticide formulations, Clayton stresses the importance of following the manufacturer's recommendations and observing all safety restrictions.

More detailed information on the control of lice and other external parasites is found in Extension publication, MP-691, "Texas Guide for Controlling External Parasites of Livestock and Poultry", available at the local county agent's office.

Neinda Philosopher Finds One of the Campaign Slogans Wasn't as Bad as it Sounded at First

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 asks a puzzling question this week.

Dear editor:

Back during the campaign I was listening to two men arguing politics and one of them was making a big point out of President Johnson's money.

"I don't object to anybody making money," he was saying, "wish I had more, but I don't think a man in government ought to make his fortune in a government-regulated business, like television and radio."

"Yeah?" the other one put in, slamming his fist on the counter. "And just what business would you have him make his money in?"

"AN UNBEATABLE COMBINATION!"

PIPER PATTER—

ACC Coach Bill McClure to Speak At Football Banquet Friday

by Nancy Ford
Carolyn Reynolds
Marlyn Reynolds

Football season is over, completely over for the seniors, and

Friday night the 1964 Piper

Banquet will climax the season.

The pep squad is working diligently to prepare place cards,

programs, and decorations. The

main speaker of the evening

will be Coach Bill McClure,

head track coach at ACC.

Coach McClure had an entry in

the Olympics and has just re-

turned. Barbara Graham, head

majorette, will be master of

ceremonies; Larry Simpson,

football captain, will give the

invocation; David Drummond,

band president, will lead the

pledge of allegiance; Mary Pat-

terson, drum major, will give

the welcome, and Johnny Over-

man, football captain, the re-

sponse. Then comes the waiting,

when Nancy Ford, head cheer-

leader, and Robert Pearce, foot-

ball captain, crown the football

hero and football sweetheart.

—hhs—

"Why, plenty of things. He outside maybe editing, blacksmithing and poetry-writing, and not many big fortunes are being made in any of those."

Understand, I'm not saying there's anything wrong with this, as far as I'm concerned, government is still the people and anytime a majority wants to get rid of a regulation or add a new one I guess it can, and besides all regulations aren't what they're cracked up to be. Take this Johnson grass farm out here. I suppose you could say it's government-regulated in some ways, but me and the government both haven't made much dent in it, one way or the other.

He left the question unanswered and I came on home, stopping by the mail box to see if my government check had come, and have been thinking ever since and by George I'd like to ask you, what business could a man get into that's not government-regulated?

Radio, television, banking, farming, aviation, oil, barbering, doctoring, teaching, hairdressing, construction . . . you go down the list and see if you can come up with anything

Even the government itself is government-regulated. We might as well get used to it. Even Khrushchev thought he wasn't government-regulated, but it turned out he was.

Yours faithfully,
J. A.

FAIRVIEW NEWS

By MRS. ELMER JOINER

We had almost forgotten how the dirt could blow in West Texas, but were reminded of it the past few days, as the wind did really blow, but this Monday it is drizzling rain, which is very welcome. Thanksgiving is only a little over a week away and everything is still green and growing. The cotton crop is definitely much better than had been hoped for, as the freeze being so late that the little bolls that put on after the late rains have developed to where they will open after frost.

After working all day Tuesday and again Thursday morning, we now have the work done on our kitchen and fellowship hall, ready to have family night this Friday night, Nov. 20, with a Thanksgiving supper.

We are glad to report that Joe Bonds Jr. was able to come home Sunday from the Abilene Hospital, after having surgery on his back last week. The operation was not as serious as was feared it might be.

Fred Rosenbaum went to Pampa Saturday, after his wife, who had been gone the past week. Mrs. Joe R. Rosenbaum is reported to be doing fine after having had surgery recently.

Mr. and Mrs. Flavil Holmes spent the week in Big Spring with their son, Mr. and Mrs. Jimmy Holmes and Melody, where Jimmy is teaching this year.

Mrs. G. K. Bullock, of Petersburg, sister of Mr. E. A. Henry, spent last week with the Henrys. Thursday afternoon, Mrs. Henry took her to Rule, where they enjoyed an afternoon of visiting with several old time friends.

BUSINESSMEN:

shop the

Yellow Pages

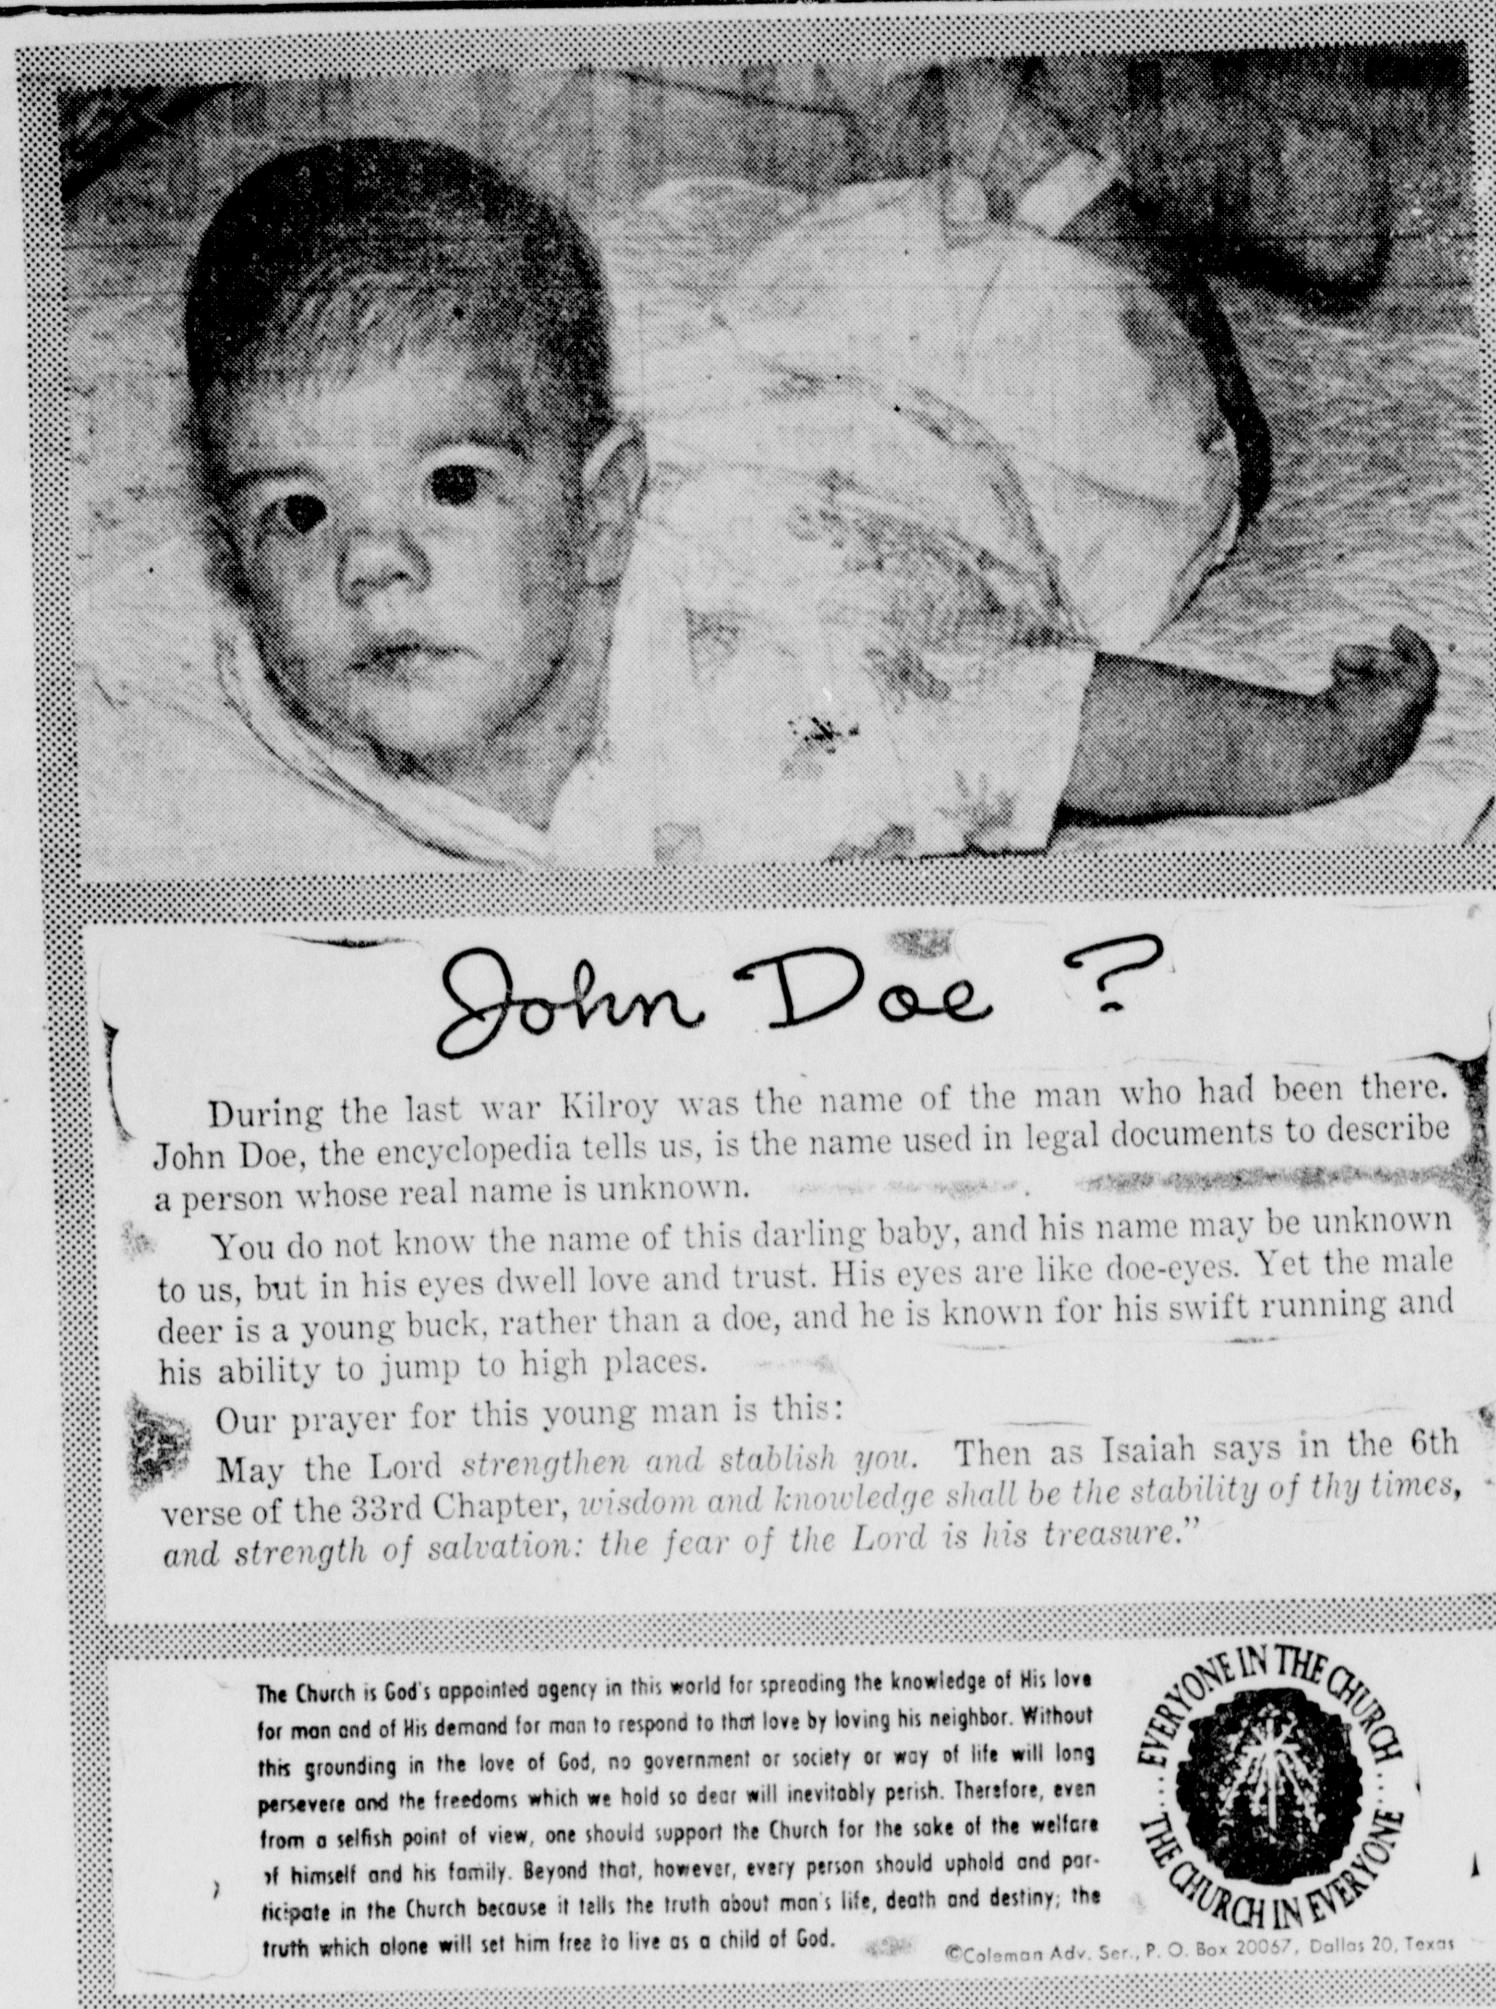

Will they find you?

People use the Yellow Pages when they're ready to buy, rent, lease, or order services. Make sure they find your business easily with a display ad under each product, service, or brand-name item you sell. Featuring selective information about your business will help turn shoppers into buyers.

The better your business is represented in the Yellow Pages, the better opportunity you have of reaching consumers when they're ready to buy or order services. So why take chances?

THE PLACE WHERE BUYERS
AND SELLERS GET TOGETHER

During the last war Kilroy was the name of the man who had been there. John Doe, the encyclopedia tells us, is the name used in legal documents to describe a person whose real name is unknown.

You do not know the name of this darling baby, and his name may be unknown to us, but in his eyes dwell love and trust. His eyes are like doe-eyes. Yet the male deer is a young buck, rather than a doe, and he is known for his swift running and his ability to jump to high places.

Our prayer for this young man is this:

May the Lord strengthen and establish you. Then as Isaiah says in the 6th verse of the 33rd Chapter, wisdom and knowledge shall be the stability of thy times, and strength of salvation: the fear of the Lord is his treasure."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Pipers Drop Season Finale to Anson, 12-6

The Pied Pipers took a second period lead over the Anson Tigers here Friday night but failed to hold on to it as the Tigers scored twice in the fourth quarter to win the season finale, 12-6. The winning touchdown came for the Tigers with 30 seconds left on the clock.

End Mike Shivers, who caught five passes for 86 yards, scored Hamlin's only score on a 30 yard pass and run play. The pass was from quarterback Johnny Overman with Shivers making a fantastic catch at the 15, evading his defender and racing into the end zone. This wash Shivers ninth TD of the season.

Parents of the football boys were introduced before the

game with the boys.

The Pipers took the opening kick off and started action on their 32. A 15 yard penalty killed a third down pass play that would have been good for a first down and they punted on fourth down from their 34. The Tigers lost five yards in three plays and punted back to the Pipers. The Pipers put the ball into play at their 36 and moved to the 31 in six running plays, but at this point a nine yard loss forced them to punt with the Tigers taking over on their nine.

The Tigers gained three first downs as they moved out to their 40 before punting. The Pipers moved the ball back down into Tiger territory and punted from the 44. Anson

penalty to put the ball on the Tiger 30. After Pearce was stopped for no gain Overman passed to Shivers for the score. A bad snap from center was too high and the Pipers lead 6 to 0.

Neither team could keep a drive going during the remainder of the first half.

Anson took the second half kick off and moved to the Piper 34 before fumbling with George Bonds recovering for the Pipers.

The Pipers moved out to the 48 before Compton punted 50 yards to the Tiger two yard line, but Hamlin drew a 15 yard penalty to put the ball back on the 17.

Anson moved the ball down to the Piper 12 yard line before being set back with a five yard penalty and then being thrown for a loss with the Pipers taking over on their 18.

Compton quick-kicked on third down with Anson taking over on their 41. Anson punted from their 42 with Hamlin taking over on the 21. A third down pass was intercepted with Anson returning it to the Hamlin 20. Anson scored eight plays later with Jerry Andrus going into the end zone from the two to tie the game up. Their snap from center was bad and the point after try failed. There was five minutes and 3 seconds left in the game.

The Pipers failed to make a first down following the kick off and punted out to the Tiger 37. The Tigers moved the 63 yards in 10 plays, aided by a 15 yard penalty against the Pipers. Sammy Shellman went around his right end and scored from 14 yards out with 30 seconds left on the clock. The point after try failed.

The Pipers used up the 30 seconds with four long incompletely passes.

Lice Control Should be Started Now Agent Says

Lice are busy with their invasion of Texas livestock and will take a sizable chunk of producers' profits again this year unless controlled.

These pests appear in greatest numbers during the winter and losses can be reduced materially if control measures are taken now, says Jones County agent, Kirby Clayton.

Animals with the parasites usually are restless, eat less, do not have good feed conversion and have a rough, coarse appearance.

Sprays recommended for controlling lice on beef and non-lactating dairy animals include Ciodrin, coumaphos (Co-Ral), methoxychlor, malathion, diaxon (Delnov), lindane, Ruelene, carbaryl (Sevin), ronnel (Korlan) and toxaphene.

For dairy animals, Clayton recommends these formulations: Ciodrin, pyrethrin and rotenone.

Irritation induced by lice on sheep and goats cause the animals to rub or bite themselves. Thus wool or mohair may be pulled out or become matted or low in grade.

A thorough spraying, immersing or dusting is suggested for ridding sheep and goats of these pests. Couaphos (Co-Ral), DDT, diaxon (Delnov), toxaphene, Diazinon, malathion and ronnel (Korlan) are effective controls, says Clayton, but should not be used on milk goats.

The blood-sucking lice occurring on swine can be controlled by such insecticides as couaphos (Co-Ral), DDT, diaxon (Delnov), toxaphene, Diazinon, malathion, lindane, ronnel (Korlan), methoxychlor and toxaphene.

To control these tiny parasites on horses, the entomologist suggests chlordane, couaphos (Co-Ral), diaxon (Delnov) and ronnel (Korlan), methoxychlor and toxaphene.

Poultry are also attacked by several species of lice that irritate the birds and cause weight loss, reduced egg production, decreased quality of market birds and even death. Couaphos (Co-Ral), malathion, carbaryl (Sevin) and nicotine sulfate all rate as good controls.

In using insecticide formulations, Clayton stresses the importance of following the manufacturer's recommendations and observing all safety restrictions.

More detailed information on the control of lice and other external parasites is found in Extension publication, MP-691, "Texas Guide for Controlling External Parasites of Livestock and Poultry", available at the local county agent's office.

"If you're under 40 you won't remember your grandmother straining her back over this old fashioned washing apparatus. It's hard to believe that a washing machine like this actually existed and yet this 1905 model was the first one put on the market. In only 59 years, washing machines have improved to the point of complete automation. All the modern young housewife of 1964 does is put the clothes and detergent in her automatic, press a button, set a dial, and forget it. Isn't modernization remarkable?"

You too can gain the pleasure and satisfaction of push button washing. See your local appliance dealer right away."

Neinda Philosopher Finds One of the Campaign Slogans Wasn't as Bad as it Sounded at First

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 asks a puzzling question this week.

Dear editor: Back during the campaign I was listening to two men arguing politics and one of them was making a big point out of President Johnson's money.

"I don't object to anybody making money," he was saying, "wish I had more, but I don't think a man in government ought to make his fortune in a government-regulated business, like television and radio."

"Yeah?" the other one put in, slaming his fist on the counter. "And just what business would you have him make his money in?"

PIPER PATTER—

ACC Coach Bill McClure to Speak At Football Banquet Friday

by Nancy Ford
Carolyn Reynolds
Marolyn Reynolds

Football season is over, completely over for the seniors, and Friday night the 1964 Piper Banquet will climax the season. The pep squad is working diligently to prepare place cards, programs, and decorations. The main speaker of the evening will be Coach Bill McClure, head track coach at ACC. Coach McClure had an entry in the Olympics and has just returned. Barbara Graham, head majorette, will be master of ceremonies. Larry Simpson, football captain, will give the invocation. David Drummond, band president, will lead the pledge of allegiance. Mary Patterson, drum major, will give the welcome, and Johnny Overman, football captain, the response. Then comes the waiting, when Nancy Ford, head cheerleader, and Robert Pearce, football captain, crown the football hero and football sweetheart.

Even the government itself is government-regulated. We might as well get used to it. Even Khrushchev thought he wasn't government-regulated, but it turned out he was.

Yours faithfully,
J. A.

Ugh! Six weeks test week is here again. The teachers must make tests, and grade them while the students study and then "sweat" their grades. What an exciting week!

DON'T CLIMB WITH GUN
AUSTIN, Tex.—The Texas Safety association reminds hunters to never climb or jump with a loaded gun. Never pull a gun toward you muzzle first. When

going through fences, push your gun on ahead, or hand it to a companion with the breech open. And, don't set your gun against a tree or fence. It could fall and discharge.

For a child or an adult to achieve properly and efficiently they must have good vision. Only a vision specialist giving a thorough examination can determine your visual needs.

A thorough examination takes time.
